NO. 1

Joe Mountz to Sell Fords

Joe Mountz succeeds A. T. Whitt as the selling agent of the Ford automobile in Powell county. The demand for automobiles is in its infancy in Powell county and of course the Ford will always lead in sales because of its cheapness as well as its dependability. Mr. Mountz, the new agent, is a hustler and may be depended upon to take care of the agency in a business like way. He will also put in a filling station and handle Ford parts. If you want a Ford, leave your order early for same, as they are going to be hard to get when the spring season is on us. "First comes first served" will be Mr. Mountz's policy in dealing out machines to the public.

Mr. Whitt disposed of the agency because he did not have the necessary time to properly care for this growing business.

J. R. Stone Buys Patent Right

J. R. Stone has purchased the patent right from Thos. Hale and W. P. Reader, of London, Ky., to make and sell the famous Hawkins Acetylene Gas Light plants in Powell and Estill counties. This is a splendid light and is cheap in operation we are assured. Mr. Stone is a home man and is worthy of the patronage which we hope those who are needing good lights will give.

Marketing Tobacco

Quite a number of Powell farmers have sold tobacco on the Winchester and Mt. Sterling markets the past few weeks, each realizing good prices for their crops. It has been demonstrated time and again that as good tobacco can be grown in Powell county as any of the Bluegrass counties. And as our land is not near so high, the profit is much greater.

Injures Eye

Ike Barnett, while shoeing a horse at his home two miles south of the city, had a piece of steel fly into his eye, causing great pain. He went to Winchester to a specialist and had it removed. Mr. Barnett's eye is still very sore and giving him much trouble. His eyesight was not injured by either the accident or the operation.

Land Sale in February

Sheriff Wm. Garrett will have his land sale for taxes the first Monday in February. He desires all to settle within the next few days to avoid their land being advertised, but he must have these taxes settled at once or ad. will go forth.

Married at Court House

Mr. Henry Miller, of Estill county, and Miss Mina Halland, of Wolfe county, were married at the Stanton Court house Monday, January 5th, by Squire Charlie Hatton.

Sells Clark Farm

Edwin Rose and son, N. V. Rose, sold their Clark county farm this week at a nice profit over what they gave for it a year ago.

Oil Company's Officials Here

Messrs. Chas. Mutzger, Steve McCluskey and Frank Lohmiller, officials of the Black Creek Oil & Gas Company, came from Philadelphia, Penn., and paid visit to the Clay City field to look over operations and prospect for bringing larger machines on leases held by the company.

The Secretary and Treasurer, Lieut. A. Lohmiller, took them in hand upon arrival and showed them around. They left Tuesday for Philadelphia.

The Irvine Times

Irvine now has two papers, the Irvine Times having appeared there January 6th. Park Chaney and Robert J. Chaney are responsible for its existence. The Times is worthy of the support of the people of Estill county, if all succeeding issues are to be up to the initial number, and we are sure they will be. The Messrs. Chaney are Estill county products, and for this reason alone they deserve to be specially encouraged.

Zero Weather

With the thermometer standing at four below zero Monday morning it was the coldest weather of the winter. It was down at zero also Saturday morning. It turned warmer Tuesday, began raining Wednesday night and we now have another large tide coming which bids fair to be the largest of the five we have had since the election in November.

F. & A. M. Elects Officers

Clay City Masons elected officers at their hall in this city December 27th as follows:

F. G. Powell, W. M.;
W. B. Lunsford, S. W.;
Otis Powell, J. W.;
Edward Rose, Sec'y.;
W. T. McGuire, Treas.;
H. G. Crabtree, Cler.

Six Counties Reported

Six counties have reported organization for the campaign of education to be conducted by Transylvania college previous to the Interchurch World Movement drive for funds for Christian education the coming Spring. Powell is one of these counties so reporting. A. T. Whitt is chairman and Eugene Freeman director.

Will Teach Two Schools

Prof. Franklin Smith will close his school on North Fork in two weeks. After he closes this school, young Mr. Smith will go to Gray's Branch and teach. The Gray's Branch school was unable to get a teacher to conduct the school at the usual time.

But 17 Arrests in Louisville on First "Dry" Christmas

Louisville's celebration of Christmas was sober, police records indicate. Christmas Day, 1918, there were 109 arrests, fifty-eight of which were for drunkenness. Christmas day's arrests totaled fourteen, of which only three were for drunkenness.

The Kentucky Legislature is in session, thus lively times are just ahead.

Stanton Masons Elect Officers

Stanton Lodge 352 F. & A. M. met in its hall room in Stanton, Ky., on December 27, 1919 at 10 o'clock for the purpose of electing officers for the in coming year. The following were elected: Lewis Stephens W. M.
R. T. Crowe S. W.
P. H. Welch J. W.
Jesse Crowe Treas.
C. W. Rice Sec'y.
Nick Arthur S. D.
Millard Bennett J. D.
John Arthur Tyler.

After which refreshment was served. At 1 o'clock all met back at the lodge room where they raised two candidates and initiated one.

The Times to Move

The building now occupied by The Times is to be converted by the owner, J. R. Stone, into a paint and wall paper store. Thus The Times must move its office and printing plant within the next few weeks. Though the paper is now twenty-four years old, this will be the second moving we have had since its location here. There being no suitable building to lease for a period of years, we will have to erect an office. All our subscribers know this takes money, and should see that no arrears are left on our list. Truly is the old maxim, "A friend in need is a friend indeed" now just as timely as, "A hint to the wise is sufficient."

Ill of Rheumatism

Mrs. Robert Conlee is at Dry Ridge, Ky., where she went several days ago for a most severe attack of rheumatism. Mrs. Conlee could not walk when she left, but is now much improved since going there and can walk again.

Prof. Smith Closes School

Prof. C. L. Smith closed a most successful school term at Pompey school house Wednesday before Christmas. Prof. Smith has made teaching a life study and is one of the best teachers in the county.

Old Residenter Here

G. W. French, of Bloomington, Ill., has been on a visit to his brother, Squire Eugene French, near Stanton. Mr. French moved first to Bloomington in 1880, when but a young man.

Visits Sick Father

Mrs. J. B. Treadway, of Torrent, spent Xmas with her parents, Mr. and Mrs. J. M. Williams, near Stanton. Mr. Williams has been bedfast for several weeks with rheumatism.

Briscoe Buys Farm

Wm. Briscoe purchased this week from J. R. Stepp the Stewart farm across the river from Clay City, paying \$6,000 for it. This farm comprises 90 acres and has some splendid bottom land on it.

Store Sold

Oscar Daniel has sold the half interest in the store of Daniel & Patrick at Vaughn's Mill to his partner, David Patrick, who will continue the business alone.

Personal Paragraphs

Elder L. F. Martin is in Louisville this week on business.

To Subscribers of The Times

News print paper upon which The Times is printed is now priced to us at 10 cents per pound. It formerly cost 2 1/2 cents, and it is said soon this paper will be very hard to get. The situation is claimed to be very critical. This may or may not be true, but any way the price is very high. Congress has been asked to pass a bill to limit the size of daily papers to save paper. At the same time to further save, local papers are expected to cull their list to cash in advance subscribers.

Now, The Times has more than five hundred subscribers in arrears. Many of these, we are sure, will pay the first time they see us, while some of them, far in arrears, possible do not care for the paper but delay stopping it until they can pay up. Others would send in the money if they knew what the amount is they owe.

To this end we are mailing statments to all in arrears. We kindly ask them to either return statement with the money or write us saying they still want the paper and will pay later.

All who do not respond by February 1st. will be supposed to not want the paper longer so we will, by their own action take them from our list and receive pay for what they owe at their pleasure. We are doing this at the beginning of the new year for the sole purpose of ascertaining who wants the paper and who do not. We are not denying credit to any one, but print paper is too high and scarce to risk sending it to persons who probably do not want it longer.

In Memory of Annie Ringo Leach

Who departed this life Nov. 23rd, 1919, and leaves a husband, G. B. Leach, and two little daughters, aged ten and six years; one sister, Mrs. F. P. Tracy, Clay City; two brothers, John Ringo, of Clay City, and Sam Ringo, of Winchester, together with a host of relatives and friends to mourn her loss. Mrs. Leach was operated on last July for cancer and never fully recovered and had an attack of "flu" which ended her life. Annie Ringo Leach had been a member of the Baptist Church for twenty-three years, having joined this church at the tender age of thirteen years and had always lived a quiet Christian life. She was a devoted wife and mother, a good neighbor and will be greatly missed by those who knew her. She was snatched in the bloom of life, and while it is hard in time of trouble to say that "God doeth all things well," but he has a purpose in all he does and the calling of this wife and mother may cause others to turn and live a Christian life and to meet those gone on before. To the bereaved family we point them to the One who never forsakes or forgets His children.

While the stream of time rolls on,
But, still a vacant chair
Recalls the love, the voice, the smile
Of one who once sat there.

The flowers we lay upon the grave
May wither and decay,
But the love we bore for you, dear
Annie,
Will never fade away.

And when our Father calls us
And our time down here is o'er,
We will strike glad hands with you
Above.

Where parting is no more,
—A Friend.

Mrs. Welch Improving

Misses Mildred Welch and Elsie Contee and Mrs. Mariah Rose went to Lexington Wednesday of last week to visit Mrs. Nettie Welch, who is in a sanatorium there. That Mrs. Welch is improving very satisfactorily will be glad news for her many inquiring friends.

SUBSCRIPTION RATE,
ONE DOLLAR PER YEAR.

National Banks earned practically \$1,000,000,000 during 1919. John Skelton Williams, controller of currency has announced.

In all, the year just closing was the most successful in the history of national banks. Resources total nearly \$22,500,000,000, and during the fiscal year not a single failure involving loss to any depositor occurred. The number of banking institutions under supervision of this office is exactly 8,000. These banks have grown more in the last six years, or say from August 9, 1913, to November 17, 1919, than they did in the entire fifty year period from inauguration of the national banking system in 1863 up to 1913.

There is a cause for everything, and a probable cause for Kentucky not building more roads is that of all states contributing to road construction, but one state only—Delaware—spends less than Kentucky. The reason Kentucky spends less is because less tax money is collected to spend. In Ohio more tax money is collected for roads alone, we are informed, than all the Kentucky state tax combined. Give us more roads even though it is necessary to give us more tax.

The oil people seem to be dissatisfied with their tax in Kentucky, for they have brought suit to keep from paying the production tax. They have sued heretofore to prevent every other form of tax and now they attack the production tax which they at first agreed to pay and which they have paid for two years.

If this suit wins and Powell

and Estill have to pay back the tax they have collected, it is good bye roads forever. The oil production tax is our only hope for roads.

Wouldn't it be splendid if the coal operators could only be confined to the sugar refiners as customers, and vice versa? How glorious it would be to have them rationing one another.

That hundred million dollars John D. gave away Christmas morning is at the rate of one plunk for every person in the United States. Were you plunked?

SPOUT SPRING

Mr. and Mrs. Shelt McKinney made a business trip to Mt. Sterling Friday of last week.

Born Wednesday, December 24th, to Rev. and Mrs. M. C. VanCleve a daughter. A most precious Christmas present indeed.

Miss Lillie Christopher returned to her school at Berea December 31, after a pleasant stay with home folks. Miss Ora VanCleve returned with her and will enter the Berea school.

Nelson Puckett, of Calloway's Creek, was here during Xmas to visit his daughter, Mrs. Robert McIntosh. Mr. and Mrs. McIntosh and Mr. Puckett went to Clay City Friday and spent the day with relatives.

Acetylene Gas Lights Are Best of All

For Economy Convenience and Brilliancy.

The Light that Does not "Come and Go" nor "Rise and Fall"
But is always Steady and Cheapest next to Daylight only.

The Hawkins' Acetylene Gas Generator

Is the BEST and SAFEST of any on the market. This Generator is now being introduced in Powell, Estill and Lee counties by me who will be pleased to explain the advantages of a Private Gas Plant for Lighting, Cooking, Ironing Etc., and the excellency of the HAWKINS' PATENTED GENERATOR for producing this gas from Carbide of Limestone which makes SUPERIOR LIGHTING cheaper than coal oil lamps. Can sell and install complete for one fourth the cost of small electric outfits. Then you have the convenience of gas for summer cooking

While introducing this light in the above mentioned counties, will have headquarters in Clay City, and will be pleased to have you look me up if you are thinking of having an improved Lighting system installed in your home, business house, office or church. Inquire for me at the Company Store or at the Times office where our plants have been sold.

Yours for Better Lights in Every Home.

Pale Children Need Gude's Pepto-Mangan

Unnatural for Children to be
Pale and Thin—Paleness is
Sign of Thin, Watery Blood

Pepto-Mangan Makes Red Blood

Prepared in Liquid and Tablet
Form—Both Possess Identical
Medicinal Qualities

It is necessary for boys and girls to laugh, romp, play and enjoy themselves, for it is at that stage of life that the foundation is laid for future health.

Prompt attention should be given to the child who seldom laughs, whose physical condition prevents playing like the other children, whose appetite is poor, and who tires easily.

If the lassitude is due to poor blood, which is often the case, a simple, safe and pleasant remedy is within easy reach. Gude's Pepto-Mangan is just the tonic for pale, thin children. Gude's Pepto-Mangan contains the very ingredients that increase and enrich the blood, enabling it to supply the entire body with the sorely needed vigor, strength and vitality that makes happy children.

For the convenience of the public Pepto-Mangan is prepared in tablet as well as liquid form. Both forms possess exactly the same medicinal properties.

When you ask the druggist for Pepto-Mangan, look for the name "Gude's" on the package. If it is not there it is not Pepto-Mangan.

Messrs. Jas. McKnight, H. M. Curtis, A. P. Bush and Chas. Bush attended a Masonic business meeting at Spout Spring Saturday.

G. W. Bush, our progressive merchant, was at Kimbrell Wednesday looking after his merchandise interests and attending to other matters.

Mr. and Mrs. Winfred Davis and Mr. and Mrs. Ernest Gravett came up from Argyle Xmas to spend the holidays with their old friends and near kin.

Messrs. Buford, Gilbert and George Witt, of Winchester, were here through the holidays hunting and enjoying the festivities with Claude Sams and family.

James Baker has purchased a handsome player piano and Georges Gravett a large fine victrola, on which they expect to entertain their neighbors and friends these long winter evenings.

Mr. and Mrs. John Gaylord returned to their home at Winchester Sunday, after spending the holidays with H. M. Curtis and other relatives. We were all glad to have Uncle John and his betterhalf in our midst, if the poke season was over.

Miss Inez Breeze closed her school at Upper Hardwick's Creek Thursday and returned to her home at Beattyville. Miss Breeze has taught a good school for the patrons of that district and their wishes are she will return again next year.

The entertainment given by our efficient and popular school-teacher, Miss Sylvia Faulkner, at the church, where an Xmas tree had been set up by the Sunday school, was pronounced by all a decided success. The children showed in rendering their recitations, dialogues etc., they had been under a careful and competent leader, while the tree, in its beauty, loaded with presents, was a high credit to the various committees in charge. Too much cannot be said of those who pushed the enterprise to the front.

Oh yes, Old Santa Claus and his wife appeared on the scene in time to distribute the presents.

Court Day at Stanton

Monday was county court day at Stanton and it was a very busy day indeed and many people were in town. All the county officers were present and renewed their official bonds as the law directs.

A splendid correspondence came in too late for publication this week but will appear in our next issue.
